

Custom Made Plantation Shutters*

Configurations

Have Custom Made Shutters professionally made to your exact size requirements. Simply measure your windows, inside for Recess Fix or outside for Face Fix, fill in the order sheet and return it to Special Orders.

If you are uncertain about any aspect of completing this order form, please check with Special Orders or call our friendly Customer Service Department on (03) 8788 5900

A Mid-Rail is used to separate Panels horizontally and is required for heights over 1650mm

Ensure window sills/hardware will not affect shutter installation or operation

Recording Your Measurements

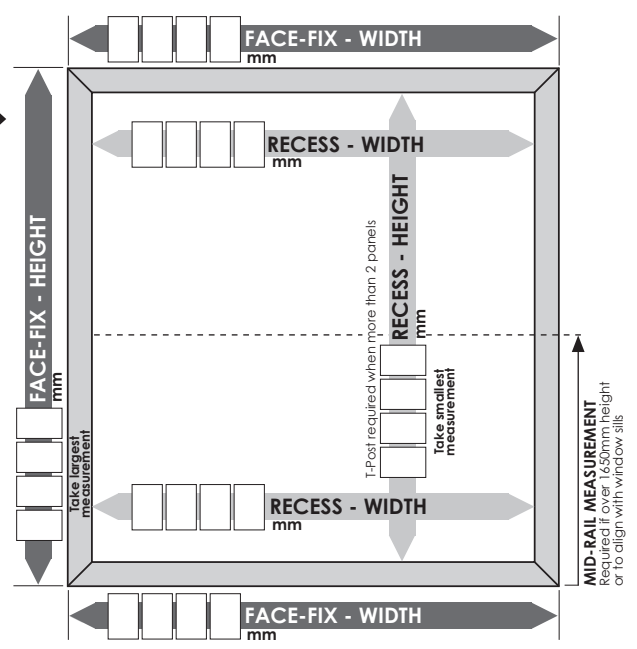

1. When measuring your area you must decide on RECESS OR FACE-FIX installation.
2. Please only fill out the dimensions in the installation section below for the type of installation you require.
3. Use a metal tape measure for accurate measuring. Take multiple measurements where indicated to ensure the area is square.
4. Record all measurements in millimetres. Please measure area exactly, SHP will make any necessary allowances.
5. Return Order Sheet to Special Orders to finalise order.

***FOR INDOOR USE ONLY**
